World's Record Prices Paid Here Baskets of Tobacco Sell At \$1.66 and \$1.70 Monday and Tuesday on Breaks.

When W. S. Judy paid \$1.66 a pound for 20 pounds of tobacco in a basket sold at the Madison Tobacco Warehouse in Richmond Monday afternoon, it was believed that he broke all known records for high tobacco. The record did not last long, for on Tuesday, Mr. Judy paid \$1.70 a pound for a 25-pound basket at the Big Home Warehouse, from the crop of C. B. Newland.

Naturally each house is mighty proud of the splendid record that it has made, and the figures are so close that a few cents won't make much difference, and both have demonstrated that Richmond has the best and highest market anywhere in the burley belt.

The crop sold at the Madison House for \$1.66 was grown by Norman Jenkins and Burgess in the Newby section of this county, and both of these gentlemen as well as Mr. Newland were mighty proud and well had a right to be, of the great price that tobacco they had grown, had brought. They were congratulated on all sides and Mr. Judy was also congratulated on his judgment in paying such a price for such splendid weed. The tobacco in both instances was the prettiest, bright cigarette wrapper, and shows what can be done on Madison county farms by Madison county growers.

If any weed anywhere has sold as high as this, the Daily Register has not heard of it, and every tobacco man on the local market declares that these are world's records.

But baskets which sold so high were of the celebrated Judy's Pride tobacco, a variety that has been grown by Mr. Judy and seed furnished by him to his friends for a number of years.

All Must Report Income Taxes By March 15th

That there will be no general extension of time beyond March 15th, for the filing of returns and for the payment of income and excess profits taxes due on that date, is the decision of Daniel C. Roper, Commissioner of Internal Revenue. This announcement was received here by Deputy Collector Tevis Huguey who has been stationed in Madison, immediately following the approval of the Senate and House of the report of the conferees on the new revenue bill.

"It is necessary to get the initial tax payments in by March 15," says Commissioner Roper. "No other course is possible. Some months ago the Treasury issued certificates of indebtedness to an amount approximating \$800,000,000, maturing March 15. The first payment of the income and excess profits taxes for 1918 was planned for that date, to meet this huge obligation.

"The American people have proven that there is no emergency too great to be met and solved by co-operation. This present situation is another emergency which can be overcome by co-operative effort. The Bureau extends its every force toward this end, and I am relying upon the people to meet the situation wholeheartedly.

"The Internal Revenue Bureau must carry out the program prescribed in the new law, which requires all returns for 1918 to be filed on or before March 15, 1919, and requires the first quarterly payment or the entire payment to be made on or before that date.

"Every taxpayer who can possibly do so is urged to make full payment of his income tax on or before March 15. The quarterly payment method is intended for taxpayers whose financing of the tax at one time would tend to upset local financial conditions.

"The approval of the report of the conferees by the Senate and House of Representatives brings the new revenue bill to the point where it may be assumed to be law. The Internal Revenue Bureau has been making preparations to collect the taxes which it provides and is now putting all of its efforts into aiding the taxpayers to fulfill the obligations imposed.

"The Bureau has arranged to send an advisory force of several thousands of deputies and agents to assist taxpayers. These officers will be stationed at convenient point where they may be consulted without charge. Taxpayers should take the initiative and get in touch with these revenue men for any needed advice and assistance in preparing returns.

"The forms for the tax returns are being printed and all forms will be in the hands of Collectors between February 15th and March 1st."

RIVALRY OVER NEW SCHOOL SPELLER

Eastern and Western Normal Faculty Members Have Books Before State Commission.

Local educators and faculty members of the Eastern Kentucky State Normal School, are interested in the deliberations of the State School Book Commission, which is considering the text books to be adopted for the Kentucky schools. A dispatch from Frankfort to the Courier-Journal said of matters of local interest:

Phil Grinstead is here in the interest of a speller which he and his brother, Wren Grinstead, the latter connected with Eastern Kentucky State Normal School at Richmond, have put on the market through the Transylvania Book Company, of Lexington, and Mr. Carnahan is here in the interest of the book concern of which he is a member.

Considerable rivalry, of a friendly nature, has developed between the Eastern and West Normal schools in the matter of supplying Kentucky children with text books, each institution having as a member of its faculty an author of a spelling book. Both these spellers, one prepared by Wren Grinstead, of the Eastern State Normal, and the other by N. A. Lieber, of the Western State Normal, at Bowling Green. These two institutions are represented on the State Text Book Commission by E. C. McDougle, of Richmond, and J. A. Alexander, of Bowling Green.

"We are going to announce following the hearing being accorded to the book men," Messrs. McDougle and Alexander said in effect a few days ago, "that we are absolutely neutral in the matter of spellers. Folks have been joshing us so much regarding the matter that it is beginning to look a bit serious, and we want the other members of commission to know our position in the matter of spellers, exactly."

It is understood that C. A. Keith, of the Eastern Normal, has written a book on civics that may be submitted to the commission for consideration, and that Dr. W. L. Heiser, of Bowling Green, for years identified with the State Board of Health, is the author of a physiology that will be presented to the text book body.

Started To Take Chances

(By Associated Press)

Weimar, Feb. 18.—Bulletin.—The German cabinet voted early Sunday morning to reject the allied terms for a renewal of the armistice and to take the chances of an allied military advance being ordered. After consultation with the party leaders, however, the decision was changed and Sunday night orders were issued that armistice be signed.

Marshal Foch presented his new terms to the Germans Friday for a renewal of the armistice. He is expected to present permanent armistice terms some time this week.

Foch To Cut Hun Armies To 250,000 Men

(By Associated Press)

Paris, Feb. 18.—According to Havas dispatches from Treves it says that it is understood that when Marshal Foch notifies the Germans on Thursday or Friday of definite armistice terms which will hold good until peace treaties are signed, they will include a clause allowing Germany to maintain a standing army of only 250,000 men. The same report says all war material beyond that is necessary to equip these troops will be placed under control of the allies who also held Germany's munition factories.

Borah Won't Attend Dinner To Senators

(By Associated Press)

Washington, Feb. 18.—Bulletin.—Senator Borah, of Idaho, has asked to be excused from attending a dinner at the White House at which President Wilson will discuss with members of the Foreign Relations Committee the constitution of the proposed League of Nations. In a letter to Secretary Tumulty, Borah said it was the custom to hold confidential information received at such a gathering and that he is not willing to be bound to silence on such an important subject on which he and the President disagree fundamentally. He added nothing could make him agree to the constitution of the league as it stood now. Officials said they understood all other members of the committee would accept. Borah's letter was transmitted to Wilson by wire.

Senator Borah, other republicans and some democrats, oppose international isolation of any kind. In spite of the President's request that debate be withheld until after he had met the committee at dinner February 26th, Senator Poindexter is preparing an address which he expects to deliver tomorrow. Borah plans to address the Senate Monday. Several republican members of the committee stated privately today they would not regard themselves as bound by confidence and would accept the President's invitation with reluctance.

Senator Vardaman, of Mississippi, democrat, however, was the first to speak. He arose unexpectedly in the Senate and declared the league is unconstitutional and criticized President Wilson for asking Congress to remain silent on the subject until he returned to Washington. He spoke only a few minutes. There was no further discussion.

FISCAL COURT IS TALKING GOOD ROADS

Question of Calling Election For Special Road Tax Is Before Magistrates Today.

The question of an election in Madison county to vote upon an additional tax of 20 cents on each \$100 worth of property for road purposes is before the Fiscal Court at a special meeting today.

State Road Commissioner Rodman Wiley, from Frankfort, is here. He gave the members of the court and a large audience a splendid address on the needs and economy of good roads before the court heard expressions from taxpayers all over the county. It seems to be felt that if the \$40,000 a year which can be realized from the tax, would be apportioned and used throughout all sections of the county, that the election would carry.

Dr. J. G. Bosley declared that three lives were lost in the county recently through bad roads making it impossible for physicians to give the proper medical attention to the patients.

The court was still considering the matter when the Daily Register's report closed.

Hart saw service for over a year in France and saw the seamy as well as the pleasant side of Uncle Sam's service. He is looking as stout as a bull, and feeling fine yet glad to be "back home" again.

Voluntary Enlistment Again

(By Associated Press)

The committee instead decided to report a rule for immediate consideration of the Senate bill authorizing a resumption of voluntary enlistments.
